STAT	3 August 1952
	Tour letter of 5 August is at hand.
	present in your letter of the July to General Smith. We had not managed our negotiations with the three instructors well, and have said so candidly.
STAT	however, equal cardor forces me to say that I find appell entirely out of sympathy with the attitude reflected in your letter of a larguat.  has been assured in writing that the cancellation of our susper program was without prejudice to him or to his possible future employment by any agency of government. This constitutes, in your words, "a forthright statement" and "a clear out assurance in writing." It is redundant, but I can add that the Agency's action should not be construed as reflecting adversely on the loyalty or integrity of the non who would have been bired had the program not been cancelled.
STAT	has also been told, and I wish to confirm, that this Agency does not disclose its security findings or standards, either to candidates or employees.  As a matter of policy, with which I am sure you will agree on reflection, this Agency will not give a written statement relating to the security clearance, lack of security clearance, degree of security clearance, or "security" of any individual, whether a candidate or as employee of the Agency. Therefore, no further or different assurances will be given in
	This patter from those already given to and repeated above. STA
